2017 Goals

Below are some goals that we will try and complete during 2017. Some of these will be ongoing due to the nature of the project.

1. Build and put into service Station #7 (Frogtown). This would allow us to fulfill the Automatic aid agreement with White County.
2. Get BOC approval to add and install 5 new Dry Hydrants to help improve the County's ISO rating.
3. Get Water shuttle operation certified through ISO.
4. Implement new medical training to allow us to certify all employees in house. This will also allow us to offer training to other departments.
5. Get BOC approval to replace Med #2, refurbish Rescue #2, and replace 12 more SCBA's through our SPLOST work plan.
6. Get BOC approval to add three more Firefighter positions if we receive the SAFER grant. This will allow us to fully staff another station and complete the Automatic aid agreement with Dawson County Emergency Services.
7. Get BOC approval to improve the vacation accrual rate for the 24-hour shift personnel (They are currently base on a 40 hour per week employee).
8. Host another Volunteer Recruit class. This will be a three-step process.
 - A. Basic Firefighter.
 - B. NPQ Fighter 1.
 - C. NPQ Fighter 2.
9. Continue working on my Advance Certified Emergency Manager certification.
10. Continue to look for a way to replace our old ladder truck.

Some of these goals will be hard to achieve, but I feel that they are possible and very important to keep this department moving forward. Our Citizens deserve the best that we can offer and we will continue to do everything we can to make this happen.

Lumpkin County Emergency Services

Volunteer Division

2017

Currently Lumpkin County Emergency Services has 18 Volunteer Firefighters. They are trained to the same standards and held accountable just as if they were full time employees. They can respond to all calls and assist the on-duty personnel. The chart below shows the number of calls and the number of personnel that responded to the emergency scenes. Also, our Volunteers are involved in numerous other activities that aren't show on the chart. This includes manning Fire stations and vehicles, all types of training exercises, Boot drives, public events, and any public relation detail we go on. We are very much dependent on our Volunteers and also very grateful to have them.

2018 Goals

Below are some goals that we will try and complete during 2018. Some of these will be ongoing due to the nature of the project.

1. Complete and put into service Station #7 (Frogtown). This would allow us to fulfill the Automatic aid agreement with White County.
2. Get BOC approval to add and install 2 new Dry Hydrants to help improve the County's ISO rating.
3. Get BOC approval to add two more Firefighter positions (6 people). This will allow us to fully staff another station.
4. Host another EMT class in house.
5. Host another Volunteer Recruit class.
6. Get BOC approval to improve the vacation accrual rate for the 24-hour shift personnel (They are currently base on a 40 hour per week employee).
7. Complete the Generator Grant that has been ongoing for two years.
8. Continue working on my Advance Certified Emergency Manager certification and other areas that will make me a better Director for the County and this department.
9. Continue to stream line and make LCES the best department ever.

Some of these goals will be hard to achieve, but I feel that they are possible and very important to keep this department moving forward. Our Citizens deserve the best that we can offer and we will continue to do everything we can to make this happen.
