## Staff Analysis

- Agenda Item:** 2015 Child Passenger Safety Mini-Grant Application
- Item Description:** This is a mini-grant through the Department of Public Health and funded through the Governor's Office of Highway Safety
- Facts and Historical Information:** This is a grant that Lumpkin County Emergency Services have been receiving for the past several years. It gives our Department opportunity to receive free car seats for qualifying citizens of Lumpkin County.
- Potential Courses Of Action:**
1. Apply for the Grant and continue the car seat program we now have in effect.
  2. Do not apply for the grant and loose the car seat program that the citizens of our County rely on.
- Budget Impact:** No impact to the budget. It's funded completely through the State.
- Staff Recommendation:** Apply for the grant and continue with the car seat program.

# 2015

## CHILD PASSENGER SAFETY MINI-GRANT

THIS GRANT OPPORTUNITY IS FUNDED THROUGH  
THE GOVERNOR'S OFFICE OF HIGHWAY SAFETY

RELEASE DATE: MONDAY, NOVEMBER 3, 2014  
CLOSING DATE: MONDAY, DECEMBER 1, 2014

GEORGIA DEPARTMENT OF PUBLIC HEALTH  
INJURY PREVENTION PROGRAM – CHILD OCCUPANT SAFETY PROJECT  
2600 SKYLAND DRIVE, UPPER LEVEL ROOM 4  
ATLANTA, GEORGIA 30319  
TELEPHONE: (404) 679-0500  
E-MAIL: [injury.prevention@dph.ga.gov](mailto:injury.prevention@dph.ga.gov)

## INJURY PREVENTION PROGRAM CHILD PASSENGER SAFETY MINI-GRANT

<b>Background</b>	The Georgia Department of Public Health's (DPH) Injury Prevention Program (IPP) fulfills a vital mission to prevent injuries by empowering state and local coalitions through the provision of data, training, leadership, and the leveraging of resources for prevention programs.
<b>Purpose</b>	<p><b>The purpose of the Child Passenger Safety Mini-Grant is to assist local agencies in reducing motor vehicle-related morbidity and mortality in Georgia's children by:</b></p> <ol style="list-style-type: none"> <li><b>1) Reinforcing the importance of the proper use of child safety seats, booster seats, and seat belts</b></li> <li><b>2) Providing child safety seats and booster seats to families with an identified financial need. (Over 45% of children born in Georgia receive Medicaid benefits.)</b></li> </ol>
<b>Program Overview</b>	<p>Georgia DPH and the IPP have partnered with the Governor's Office of Highway Safety (GOHS) in an effort to combat preventable death and injury to children on Georgia's highways. This project coordinates a child safety seat education and distribution program for health agencies across the state. During 2014 grant year, the program covered 147 out of 159 Georgia counties. The goal of the Child Occupant Safety Project (COSP) is to facilitate this statewide Child Passenger Safety (CPS) program. With the assistance of the COSP, local health agencies can implement and improve their CPS program with minimal time and monetary investment while providing a valuable community outreach.</p> <p>In addition to providing on and off-site support for the county level CPS programs, COSP staff will coordinate the purchase and delivery of child safety seats to health agencies.</p>
<b>Grant Funding</b>	Child safety seat distribution is available as a Mini-Grant to local agencies through the Injury Prevention Program's COSP. This Mini-Grant is made possible by funding from the Governor's Office of Highway Safety.
<b>Program Eligibility</b>	To be considered for the Child Passenger Safety Mini-Grant, health agencies must complete the Mini-Grant Application contained in this packet and adhere to reporting guidelines.
<b>Deadline for Submission</b>	<b>APPLICATIONS MUST BE RECEIVED BY MONDAY, DECEMBER 1, 2014.</b> <i>(Applicants will receive a confirmation of receipt of application via e-mail. If you do not receive this confirmation, please contact the COSP to ensure receipt.)</i>
<b>Awards</b>	Mini-Grant awards will be announced by January 9, 2015. Awardees will receive an initial supply of child safety seats within two to three weeks. Each organization that receives seats as part of the Mini-Grant <b>must</b> confirm receipt of the seats by sending an e-mail to <a href="mailto:injury.prevention@dph.ga.gov">injury.prevention@dph.ga.gov</a> that includes the quantity of child safety seats received.

# MINI-GRANT GUIDELINES

## CHILD PASSENGER SAFETY MINI GRANT

### AVAILABLE RESOURCES

Agencies selected to participate in this program will receive the following:

- Child safety seats;
- Technical assistance with program implementation, administration, and reporting;
- Additional help with building local coalitions, program improvement, and CPS Technician support;

Training or referral to training for staff interested in becoming a certified CPS Technician and also for staff needing to recertify to maintain CPS Technician status

### PROGRAM ELIGIBILITY

#### Applying Agency

Local health agencies are eligible to apply for the CPS Mini-Grant. For the purpose of this Mini-Grant, local health agencies are defined as public health departments, emergency medical services, and district public health offices. Another community agency or organization may coordinate the local CPS program as the CPS Coordinator, but one of the above-mentioned health agencies must sponsor and sign the application as the Applying Agency.

#### CPS Coordinator

The CPS Coordinator is the person who will receive all correspondence for the program and implement the information, regulations, and program goals. An email address and phone number must be provided for the CPS Coordinator.

#### CPS Technician(s)

Applicants must have a certified Child Passenger Safety Technician (CPS Technician) on staff or a certified CPS technician within their community will conduct the educational classes or inspection station (one on one appointment). Applicants are encouraged to collaborate with other organizations in their community that have certified CPS Technicians available to check child safety seats after the educational classes and during inspection station hours. These collaborative partners could include individuals from community organizations such as health departments, law enforcement, emergency medical services (EMS), fire departments, hospitals, and others, but may also include any other CPS Technician currently certified by Safe Kids Worldwide.

The Georgia Traffic Injury Prevention Institute (GTIPI), also funded by GOHS, regularly offers the CPS Technician Certification Class. For more information, please go to GTIPI's website [www.ridesafegeorgia.org](http://www.ridesafegeorgia.org) or call GTIPI at 678-413-4281 or 1-800-342-9819. For information on CPS Technician Certification Classes offered by other organizations, go to <http://cert.safekids.org/> and click on "Find a Course."

Certification for CPS Technicians is valid for two years. CPS Technicians should refer to <http://cert.safekids.org/> for details about the recertification requirements and process. Briefly, CPS Technicians must complete the following during the two-year cycle in order to recertify.

- Five (5) verified seat checks by a certified CPS Technician Instructor or Proxy
- Community education (one two-hour check up event or four hours of community education). A Community Event does include your CPS classes held for the Mini Grant Purposes (category 4 hours of Community Education).
- Six (6) CPS continuing education units (CEUs). Online and in-person courses are available to assist CPS Technicians in obtaining the required CEUs. More information can be found at [www.ridesafegeorgia.org](http://www.ridesafegeorgia.org), [www.cpsboard.org](http://www.cpsboard.org) and <http://cert.safekids.org/>
- Register and pay recertification fee before current certification expiration date

The COSP is committed to helping CPS Technicians maintain their certification. If you need assistance with completing the recertification requirements or with logging your information into the Safe Kids Certification

# MINI-GRANT GUIDELINES

## CHILD PASSENGER SAFETY MINI GRANT

Management Web site, please call 404-679-0500 or email at [injury.prevention@dph.ga.gov](mailto:injury.prevention@dph.ga.gov). Additionally, there is some funding available to assist with recertification fees if local CPS Technicians are in need of assistance.

### PROGRAM REQUIREMENTS

#### Implementation Strategies

Mini Grantees may choose to offer the following implementation strategies:

- 1) Educational class and child safety seat distribution in vehicle
- 2) Individual appointments and child safety seat distribution in vehicle
- 3) Inspection Station and child safety seat distribution in vehicle

#### Child Passenger Safety Educational Class

CPS education classes should be at least 30 minutes. This strategy should incorporate all of the following:

- 1) Use of one of the standardized curriculums developed and distributed by the COSP. The COSP will provide lecture notes and an electronic copy of the curriculum to all Mini-Grantees. The COSP does not support using the "Don't Risk Your Child's Life Video" as a primary means to educate families. If a CPS Technician is available, the technician should provide instruction via the shortened presentation if time is limited. If there are Spanish-speaking families and there is no one available to translate, a Spanish version of the curriculum can be provided to assist with education. Curriculums available as of January 1, 2015 include:
  - a. CPS Best Practice Overview – Includes very detailed slides (80 slides) and lecture notes;
  - b. CPS Best Practice Overview – Shortened Presentation – Fewer slides than original, but with lecture notes;
  - c. Booster Seats(All presentations are available in Spanish (narrated and non-narrated versions) – content/translation has been approved by GA DPH Communications)
- 2) If Grantees are aware of any non-English speaking minority groups within their community that could benefit from the program, but have not reached out due to a lack of resources in the clients' language(s), they are encouraged to contact the Minority Outreach Program Consultant. The Program Consultant can assist with providing resources and technical assistance, up to and including onsite visits and teaching classes when possible.
- 3) Parents and caregivers **must install** the child safety seat and not the technician. The CPS Technician should be there to instruct/guide and assist as needed; the parent or caregiver must be the last one to touch the seat.
- 4) CPS Technicians should spend enough time with the parent to ensure they have reviewed not only best practice for the child's age, but also next steps for child.
- 5) The COSP Child Safety Seat Check Form should be used for all child safety seat distribution and vehicle instruction.

#### Child Safety Seat Inspection Station or Individual Appointments

The COSP fully supports inspection stations and individual appointments as a strategy to educate and distribute the child safety seats. This strategy should incorporate the same as #2 through #4 listed above.

#### Child Safety Seat Distribution Guidelines

- 1) Child safety seats must be distributed to parents or caregivers who otherwise could not afford a seat and do not have a seat for their child.
- 2) Child must be present to receive a child safety seat. If child already has a child safety seat, the seat cannot be replaced with a grant funded child safety seat unless child has outgrown current seat or current seat is considered unsafe.
- 3) Agencies must use a standard protocol for determining client eligibility, (e.g., WIC, Medicaid, Peach Care, or other standard financial eligibility criteria used by the health agency).

## MINI-GRANT GUIDELINES CHILD PASSENGER SAFETY MINI GRANT

- 4) If parent is pregnant, child safety seat distribution should occur around the 7<sup>th</sup> month of pregnancy to ensure they have enough time to receive education and vehicle instruction before infant arrives. If the parent does not want to use a convertible seat because they will receive an infant carrier, perhaps as a shower gift, then a child safety seat should not be distributed until infant outgrows infant carrier. Parent can still be educated on the use of the seat they have for the infant.
- 5) Child safety seats must not be used at check up events or roadchecks.
- 6) In support of the child safety seat program evaluation, grantees must place a "You Don't Have to Bear It" Teddy Bear Sticker on each child safety seat received through this program before giving the child safety seat to an eligible parent or caregiver.

### Teddy Bear Sticker (TBS) Program

Participating agencies are encouraged to work within their community to ensure that at least one local emergency response agency (i.e. law enforcement, EMS, or fire department) is participating in the Teddy Bear Sticker program.

Reporting when a child safety seat has been involved in a crash, helps the COSP document serious injuries prevented and children's lives saved as a result of this program. Collecting this data is essential to justify future funding for this program.

- Agencies can participate in the TBS Program by completing the TBS form for each motor vehicle crash involving a stickered child safety seat.
- Complete separate forms for each stickered seat and fax or email the form(s) back to the COSP.
- Child safety seats with Teddy Bear Stickers are eligible for replacement through the TBS Program.
- The COSP also provides safety incentive items for all forms received.

### **PROGRAM COMMUNICATION, REPORTING, AND DOCUMENTATION**

- An e-mail address for the CPS Coordinator must be provided. E-mail will be the primary method of communication concerning grant activities.
- Each agency will be assigned a username and password to access the electronic grants management system ([www.qacarseats.com](http://www.qacarseats.com)) also known as the Web Portal. All participating organizations will use the electronic grants management system to submit brief monthly reports and requests for additional child safety seats. **Monthly reports are due by 12 Noon on the 5<sup>th</sup> of the month.** Monthly reports document the number of child safety seats distributed, the number of classes held, inspection station appointments, and any public information and educational materials disseminated. If the agency was unable to conduct any activity during a month, the reason for this should be documented in the monthly report. The monthly reports permit the COSP to provide additional resources or assistance, or both based on communicated needs.
- The program clients and the certified CPS Technician must complete a Child Safety Seat Check Form for each seat that is checked. The check forms are available by filling out the Public Information and Education and Tools Order Form (See page 10).
- The participating agency must also maintain records documenting each client's eligibility (i.e., WIC, PeachCare, Medicaid, etc.) and must stored and kept confidential in accordance with the Health Insurance Portability and Accountability Act of 1996 (HIPAA).
- The COSP develops quarterly press releases to increase awareness of life saving benefits of child safety seats, booster seats, and safety belts. These press releases are approved by GOHS and DPH Communications and are disseminated to the media statewide as well as all Mini-Grantees. All mini-grant awardees are encouraged to take part in these quarterly media campaigns and share the press releases with their local media contacts.

## MINI-GRANT GUIDELINES CHILD PASSENGER SAFETY MINI GRANT

### CPS MINI-GRANT AWARDS

Mini-Grant awards will be announced by January 9, 2015. Awardees will receive an initial supply of child safety seats within two to three weeks.

- Maximum initial allotment is a total of up to 20 child safety seats (depends on awardees' facility storage capacity). New grant counties will receive this amount to get the program started. Current grantee awards will continue but the initial allotment will be up to 8 convertible seats. Last grant year this amount was zero. The COSP may adjust the number of seats awarded based on the agency's reported inventory or the number of counties participating in the program.
- Each organization receiving seats as part of the Mini-Grant must confirm receipt of the seats by sending an e-mail to [injury.prevention@dph.ga.gov](mailto:injury.prevention@dph.ga.gov) that includes the quantity of each type of child safety seat received.

Each month supplemental child safety seats can be requested as a participating agency distributes their initial supply of child safety seats.

- The agency must submit a Supplemental Seat Request via the electronic grants management system which indicates the number(s) and type(s) of additional seats requested. The request must be submitted by 12 noon on the 5<sup>th</sup> of the month in order to receive seats by the end of that month.
- The agency must be in compliance with the monthly reporting requirement (i.e., reports must be current) in order to request supplemental seats. If a county is more than one month behind on reporting, child safety seats will be not distributed.

### RESTRICTIONS ON AMOUNT OF CHILD SAFETY SEATS DISTRIBUTED:

The IPP continues to seek additional funding for child safety seats to support the growth of this program. Currently the child safety seat inventory for counties each month is restricted up to 8 convertibles.

The Injury Prevention Program is currently evaluating the car seat distribution program guidelines to ensure public health district needs are being considered. This includes identifying data based on vulnerability information (e.g., poverty, unemployment, motor vehicle injury rates, and other) More details on this evaluation will be released by January 2015.

### FEEDBACK, QUESTIONS FROM MINI GRANTEEES OVER PAST YEAR – THINGS TO CONSIDER:

Child safety seat resources are limited. It is important to be good stewards of the program procedures. Please refrain from providing child safety seats to a family who already has a seat for a child or who could put the younger child in the older child's seat (reference page 4 – Child Safety Seat Distribution guidelines). Additionally, the child must be present in order to receive a seat and be fitted properly. Child safety seats should not be replaced due to being dirty or if the family needs a seat for their second vehicle, as program resources do not allow for this.

## INJURY PREVENTION PROGRAM'S CHILD PASSENGER SAFETY MINI-GRANT APPLICATION FORM

**Instructions:** Complete all sections of this application and submit to the COSP no later than 4:00 PM EST, Monday, December 1, 2014.

### SECTION I. CONTACT INFORMATION

Date of Application:

Applying Agency:

Type of Health Agency (check one):     Health Dept.     EMS Agency     District Health Office

Address:

Address 2 (e.g. suite):

City:

State:

ZIP Code:

County(ies) covered by this application:

E-mail:

### SECTION II. PROGRAM ELIGIBILITY

#### 1. CERTIFIED CHILD PASSENGER SAFETY (CPS) TECHNICIAN

We have at least one certified CPS Technician on staff in our agency.

How many certified CPS Technicians are currently on staff at your agency? \_\_\_\_\_

We will use the services of a certified CPS Technician(s) from a partner agency or program within our community.

How many certified CPS Technicians from partner agencies are available to assist with your CPS program? \_\_\_\_\_

You MUST submit a copy of each certified CPS Technician's card with your application. Copies of certification may be obtained by logging on to <http://cert.safekids.org/> and following these steps: Click on "Log In". Then click "Click here to Log In" for CPS Tech/tech to be". Enter the CPS Technician's User Name and Password and under Action Items, click on "Click here for Your Wallet Card/Certificate (pdf)."

Name of Technician:

Certification Number:

## INJURY PREVENTION PROGRAM'S CHILD PASSENGER SAFETY MINI-GRANT APPLICATION FORM

Agency:

Expiration Date:

### 2. CHILD PASSENGER SAFETY EDUCATION CLASS

Please estimate how often your organization will hold a child passenger safety education class (es) of at least 30 minutes per class.

\_\_\_\_\_ times per  Month  Week  
 Other (please explain):

\_\_\_\_\_ # of attendees anticipated for each class (Note: At least one CPS Technician per five child safety seats is recommended.)

### 3. CHILD SAFETY SEAT INSPECTION STATION OR INDIVIDUAL APPOINTMENTS

Please estimate how often your agency will operate a child safety seat inspection station.

- We will have a regularly scheduled inspection station (e.g., 1-4pm every third Wednesday of the month)  
Please specify \_\_\_\_\_
- We will have flexible inspection station hours in increments of at least one-hour, totaling \_\_\_\_\_ hours per month.
- We will offer child safety seat inspections and education including next steps by appointment
- Other (please explain):
- No inspection station (please explain):

## SECTION III. LOCAL PROGRAM ADMINISTRATION AND COLLABORATION

1. Please indicate the criteria your agency will use to determine financial eligibility in order to ensure that the neediest clients receive child safety seats through this program.

*Check all that apply:*

- PeachCare eligible  
 WIC eligible  
 Medicaid eligible  
 Other (please specify): \_\_\_\_\_

2. How will your agency reach high-risk populations? Please write one sentence explaining how your agency will refer parents to the child safety seat education course. Example: Our WIC coordinators will provide child safety seat course referrals.

3. How will your agency facilitate the child safety seat program? Please write a few sentences explaining how your agency will conduct the classes/inspection stations. (e.g.; *Our health department will partner with the CPS Technicians at the EMS to provide a 1-hour course with in-vehicle instruction after the classroom training.*)

4. Participating agencies are encouraged to build a local coalition and collaborate with other community organizations interested in child passenger safety to support this program. Collaborative partners could include health departments, DFCS, law enforcement, EMS, fire departments, judicial systems, hospitals, family / women's centers, Head Start, or other local child advocacy centers. In addition, any other currently certified CPS Technician could support the program.

Are letters of support attached to this application from other local agencies that will assist with or support the child safety seat program?  Yes  No

If yes, how many letters of support are attached? \_\_\_\_\_ (up to 3)

*Note: Letters of support should indicate how the organization will assist with the program (i.e. provide referrals; provide certified CPS Technicians or other staff / volunteers to assist with classes and/or inspection stations; etc.). Agencies are strongly encouraged to include health departments, law enforcement, EMS, fire departments, DFCS and other local child advocacy centers in the collaborative effort.*

## INJURY PREVENTION PROGRAM'S CHILD PASSENGER SAFETY MINI-GRANT APPLICATION FORM

### SECTION IV. PAST MINI-GRANT INFORMATION

1. Has your organization previously received this Mini-grant?  Yes  No

If yes, does your organization have any child safety seats remaining from previous years?  Yes  No

2. Please indicate the number and type of child safety seats your organization has remaining from previous years?

\_\_\_\_\_ Convertible Seats (Rear-facing and forward-facing)

\_\_\_\_\_ High Back Booster Seats

\_\_\_\_\_ Combination Seats (Forward-facing with harness and booster)

\_\_\_\_\_ No Back Booster Seats

3. Did your local emergency response agencies (i.e. law enforcement, EMS or fire departments) submit any Teddy Bear Sticker forms in the previous grant year?  Yes  No

If yes, please list the organization(s) that participated: \_\_\_\_\_ If No, please indicate why: \_\_\_\_\_

### V. CHILD SAFETY SEAT REQUEST

The initial grant award will be limited. **For new county grantees: the maximum initial grant is a total up to 20 convertible child safety seats.** Agencies supporting multiple counties may request more. If you are an existing grantee, you will only receive up to 8 convertible seats. If you are currently in need of booster seats or combination seats, please let us know.

1. What is your initial request for child safety seats? Please request even numbers of seats only. Your initial order may be up to 20 convertible child safety seats (new county) or up to 8 (returning county).

\_\_\_\_\_ Convertible Seats (Rear-facing and forward-facing)

\_\_\_\_\_ High Back Booster Seats

### VI. SHIPPING INFORMATION FOR RECEIVING CHILD SAFETY SEATS

## INJURY PREVENTION PROGRAM'S CHILD PASSENGER SAFETY MINI-GRANT APPLICATION FORM

### VII. PROGRAM ADHERENCE, DOCUMENTATION, AND HOLD HARMLESS AGREEMENT

In consideration for the sponsoring agency ("Agency")'s participation in the Georgia Department of Public Health ("DPH")'s Child Passenger Safety Mini-Grant program ("Program"), the Agency agrees with the following terms and conditions:

1. Agency agrees to adhere to all program guidelines, including the guidelines outlined in the document titled "Mini-Grant Guidelines" and "Mini-Grant Application" ("Application and Grant Guidelines").
2. Agency agrees to provide an educational class, individual appointment, or inspection station as described in the Application and Grant Guidelines with each child safety seat distributed.
3. Agency agrees to complete and submit all required documentation outlined in the Application and Grant Guidelines by the required deadlines. This documentation includes the required monthly report and the supplemental seat request form or Teddy Bear Sticker form.
4. Agency agrees to complete and retain on file at the Agency a child passenger safety checklist and waiver form for each seat checked and distributed and documentation on how each client met financial eligibility requirements to receive a child safety seat.
5. Agency agrees to store and maintain the confidentiality of client financial eligibility data and all other protected health information in accordance with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA").
6. Agency agrees that it has obtained all of the necessary letters to support this application and have demonstrated an ability to reach high-risk populations and facilitate an effective child passenger safety program prior to submitting this application.
7. Agency agrees not to accept any compensation in exchange for services.
8. Agency understands and agrees that the DPH is providing a public service in the interest of safety, is not a dealer or manufacturer of the child safety seats, and makes no warranty of any kind, express or implied, including, without limitation, any warranty of merchantability or fitness for a particular purpose or any warranty as to the quality, safety, or condition of the child safety seat. In no respect shall DPH incur any liability for any damages or injury, including, but not limited to, direct, indirect, special, or consequential damages arising out of, resulting from, or in any way connected to the use of the child safety seat.
9. Agency agrees to release and hold harmless DPH and its officers, employees, agents, and assigns, from any and all costs, expenses, losses, claims, damages, liabilities, settlements, and judgments related to or arising from the Program.

Agency understands and agrees that a violation of this agreement could affect Agency's participation or eligibility for the Program. By signing below, the undersigned certifies that he or she has read this document, fully understands its contents, and signs it of his or her own free will. The individual who is responsible for implementing this program and their supervisor must sign this application in order for the application to be considered.
