FFATA (Federal Funding Accountability and Transparency Act)

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006. The intent is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website. Federal awards include grants, sub grants, loans, awards, cooperative agreements and other forms of financial assistance as well as contracts, subcontracts, purchase orders, task orders, and delivery orders. The legislation does not require inclusion of individual transactions below \$25,000 or credit card transactions before October 1, 2008.

Lumpkin County Emergency Services provides Initial Attack (IA) support to Georgia Forestry and U.S. Forest Service on approximately 72,000 acres of U.S. Forest Service land that is located within Lumpkin County. We have trained our Firefighters to the level of NWCG Wildland Firefighter Type 2 as well as Wildland Urban Interface training to support this effort.

Lumpkin County actively supports and promotes the Firewise Communities Programs by education and assistance to three Lumpkin County Communities in achieving National recognition as a Firewise Community. We are currently working with the U.S. Forest Service and Georgia Forestry Commission in The Fire Adaptive Communities Program.

As you can see we are dedicated in the education and training of our firefighters and our community in the hazards of Wildfire. We now need the funding to complete our mission, without the funding we will not be able to provide the specialized Wildland PPE for our firefighters to perform their job as they have been trained in a safe and effective manner.

The funds if awarded will be used to purchase full Wildland Firefighter PPE to outfit 12 firefighters. This will include helmet, gloves, neck shrouds, eye protection, Nomex Shirt, Nomex Pants, New Generation Fire Shelter, Wildland Hand tools and other equipment as allowed by the grant.

The total requested amount for completion of this project is the maximum of \$10,000.00, which Lumpkin County will be responsible for half. The project would be completed in the calendar year 2015 and will be managed by LCES Deputy Chief David McWhorter.

RE: Ga. Forestry VFA Grant

BOC,

The Lumpkin County Emergency Services has an opportunity to possibly receive a federal grant that will help fund some much needed equipment. Without grants like this and the economy in the shape it's in, we would not be able to purchase a lot of the more expensive items that we desperately need to do our job. This is a great opportunity, but we need your approval and support to continue with the process. Please read over the staff analysis and it will explain the opportunity and benefit it will give our department and also help us to continue giving the citizens of Lumpkin County the emergency services that they deserve.

With Regards,
