SPECIAL SECTION 5333(b) WARRANTY FOR
APPLICATION TO THE SMALL URBAN AND RURAL PROGRAM

The following language shall be made part of the contract of assistance with the State or other public body charged with allocation and administration of funds provided under Title 49 U.S.C. Section 5311:

A. General application

The Public Body Georgia DOT agrees that, in the absence of waiver by the Department of Labor, the terms and conditions of this warranty, as set forth below, shall apply for the protection of the transportation related employees of any employer providing transportation services assisted by the Project LUMPKIN COUNTY TRANSIT and the transportation related employees of any other surface public transportation providers in the transportation service area of the Project.

The Public Body shall provide to the Department of Labor and maintain at all times during the Project an accurate, up-to-date listing of all existing transportation providers which are eligible Recipients of transportation assistance funded by the Project, in the transportation service area of the Project, and any labor organizations representing the employees of such providers.

Certification by the Public Body to the Department of Labor that the designated Recipients have indicated in writing acceptance of the terms and conditions of the warranty arrangement will be sufficient to permit the flow of Section 5311 funding in the absence of a finding of non-compliance by the Department of Labor.

B. Standard Terms and Conditions

- (1) The Project shall be carried out in such a manner and upon such terms and conditions as will not adversely affect employees of the Recipient and of any other surface public transportation provider in the transportation service area of the Project. It shall be an obligation of the recipient and any other legally responsible party designated by the Public body to assure that any and all transportation services assisted by the Project are contracted for and operated in such a manner that they do not impair the rights and interests of affected employees. The term "Project," as used herein, shall not be limited to the particular facility, service or operation assisted by Federal funds, but shall include any changes, whether organizational, or otherwise, which are a result of the assistance provided. The phrase "as a result of the Project," shall when used in this arrangement, include events related to the Project occurring in anticipation of, during, and subsequent to the Project and any program of efficiencies or economies related thereto; provided, however, that volume rises and falls of business, or changes in volume and character of employment brought about by causes other than the Project (including any economies or efficiencies unrelated to the Project) are not within the purview of this arrangement.

An employee covered by this arrangement, who is not dismissed, displaced or otherwise worsened in his position with regard to his employment as a result of the Project, but who

is dismissed, displaced or otherwise worsened solely because of the total or partial termination of the Project, discontinuance of Project services, or exhaustion of Project funding shall not be deemed eligible for a dismissal or displacement allowance within the meaning of paragraphs (6) and (9) of the Model agreement or applicable provisions of substitute comparable arrangements.

(2)(a) Where employees of a Recipient are represented for collective bargaining purposes, all Project services provided by that Recipient shall be provided under and in accordance with any collective bargaining agreement applicable to such employees which is then in effect.

(2)(b) The Recipient or legally responsible party shall provide to all affected employees sixty (60) days' notice of intended actions which may result in displacements or dismissals or rearrangements of the working forces. In the case of employees represented by a union, such notice shall be provided by certified mail through their representatives. The notice shall contain a full and adequate statement of the proposed changes, and an estimate of the number of employees affected by the intended changes, and the number and classifications of any jobs in the Recipient's employment available to be filled by such affected employees.

(2)(c) The procedures of this subparagraph shall apply to cases where notices involve employees represented by a union for collective bargaining purposes. At the request of either the Recipient or the representatives of such employees negotiations for the purposes of reaching agreement with respect to the applications of the terms and conditions of this arrangement shall commence immediately. If no agreement is reached within twenty (20) days from the commencement of negotiations, any party to the dispute may submit the matter to dispute settlement procedures in accordance with paragraph (4) of this warranty. The foregoing procedures shall be complied with and carried out prior to the institution of the intended action.

(3) For the purpose of providing the statutory required protections including those specifically mandated by 49 U.S.C. Section 5333(b)¹, the public body will assure as a condition of the release of funds that the Recipient agrees to be bound by the terms and conditions of the National (Model) Section 5333(b) Agreement executed July 23, 1975, identified below², provided that other comparable arrangements may be substituted therefore, if approved by the Secretary of Labor and certified for inclusion in these conditions.

¹Such protective arrangements shall include, without being limited to, such provisions as may be necessary for (1) the preservation of rights, privileges, and benefits (including continuation of pension rights and benefits) under existing collective bargaining agreements or otherwise; (2) the continuation of collective bargaining rights; (3) the protection of individual employees against a worsening of their positions with respect to their employment; (4) assurances of employment to employees of acquired mass transportation systems and priority of reemployment of employees terminated or laid off; and (5) paid training and retraining programs. Such arrangements shall include provisions protecting individual employees against a worsening of their positions with respect to their employment which shall in no event provide benefits less than those established pursuant to 49 U.S.C. Section 11347 [the codified citation of Section 5(2)(f) of the Act of February 4, 1987 (24 Stat. 379), as amended]. ²For purposes of this warranty agreement, paragraphs (1);(2);(5);(15);(22);(23);(24);(26)(27);(28); and (29) of the Model Section 5333(b) Agreement, executed July 23, 1975 are to be omitted.

EXHIBIT 9 (continued)

(Page 3 of 6)

(4) Any dispute or controversy arising regarding the application, interpretation, or enforcement of any of the provisions of this arrangement which cannot be settled by and between the parties at interest within thirty (30) days after the dispute or controversy first arises, may be referred by any such party to any final and binding disputes settlement procedure acceptable to the parties, or in the event they cannot agree upon such procedure, to the Department of Labor or an impartial third party designated by the Department of Labor for final and binding determination. The compensation and expenses of the impartial third party, and any other jointly incurred expenses, shall be borne equally by the parties to the proceeding and all other expenses shall be paid by the party incurring them.

In the event of any dispute as to whether or not a particular employee was affected by the Project, it shall be his obligation to identify the Project and specify the pertinent facts of the Project relied upon. It shall then be the burden of either the Recipient or other party legally responsible for the application of these conditions to prove that factors other than the Project affected the employees. The claiming employee shall prevail if it is established that the Project had an effect upon the employee even if other factors may also have affected the employee.

(5) The Recipient or other legally responsible party designated by the Public Body will be financially responsible for the application of these conditions and will make the necessary arrangements so that any employee covered by these arrangements, or the union representative of such employee, may file claim of violation of these arrangements with the Recipient within sixty (60) days of the date he is terminated or laid off as a result of the Project, or within eighteen (18) months of the date his position with respect to his employment is otherwise worsened as a result of the Project. In the latter case, if the events giving rise to the claim have occurred over an extended period, the 18-month limitation shall be measured from the last such event. No benefits shall be payable for any period prior to six (6) months from the date of the filing of any claim.

(6) Nothing in this arrangement shall be construed as depriving any employee of any rights or benefits which such employee may have under existing employment or collective bargaining agreements, nor shall this arrangement be deemed a waiver of any rights or any union or of any represented employee derived from any other agreement or provision of federal, state or local law.

(5) In the event any employee covered by these arrangements is terminated or laid off as a result of the Project, he shall be granted priority of employment or reemployment to fill any vacant position within the control of the Recipient for which he is, or by training or retraining within a reasonable period, can become qualified. In the event training or retraining is required by such employment or reemployment, the Recipient or other legally responsible party designated by the Public Body shall provide or provide for such training or retraining at no cost to the employee. The Recipient will post, in a prominent and accessible place, a notice stating that the Recipient has received federal assistance under 49 U.S.C. Chapter 53 and has agreed to comply with the provisions of 49 U.S.C. Section 5333(b). This notice shall also specify the terms and conditions set forth herein for the protection of employees.

- (6) Recipient shall maintain and keep on file all relevant books and records in sufficient detail as to provide the basic information necessary to the proper application, administration, and enforcement of these arrangements and to the proper determination of any claims arising thereunder.
- (7) Any labor organization which is the collective bargaining representative of employees covered by these arrangements, may become a party to these arrangements by serving written notice of its desire to do so upon the recipient and the Department of Labor. In the event of any disagreement that such labor organization represents covered employees, or is otherwise eligible to become a party to these arrangements, as applied to the Project, the dispute as to whether such organization shall participate shall be determined by the Secretary of Labor.
- (8) In the event the Project is approved for assistance under 49 U.S.C. Chapter 53, the foregoing terms and conditions shall be made part of the contract of assistance between the federal government and the Public Body or Recipient of federal funds, provided, however, that this arrangement shall not merge into the contract of assistance, but shall be independently binding and enforceable by and upon the parties thereto, and by any covered employee or his representative, in accordance with its terms, nor shall any other employee protective agreement merge into this arrangement, but each shall be independently binding and enforceable by and upon the parties thereto, in accordance with its terms.

C. Waiver

As part of the grant approval process, either the Recipient or other legally responsible party designated by the Public Body may in writing seek from the Secretary of Labor a waiver of the statutory required protections. The Secretary will waive these protections in cases, where at the time of the requested waiver, the Secretary determines that there are no employees of the Recipient or of any other surface public transportation providers in the transportation service area who could be potentially affected by the Project. A 30-day notice of proposed waiver will be given by the Department of Labor and in the absence of timely objection, the waiver will become final at the end of the 30-day notice period. In the event of timely objection, the Department of Labor will review the matter and determine whether a waiver shall be granted. In the absence of waiver, these protections shall apply to the Project.

D. Acceptance

The Lumpkin County Board of Commissioners does hereby adopt and accept all terms and conditions of this Special Section 5333(b) Warranty. Furthermore, the Lumpkin County Board of Commissioners assures that this agreement will be in force during the contractual period with the Georgia Department of Transportation for assistance under Section 5311 of the Federal Transit Act.

EXHIBIT 12 (continued) NOT APPLICABLE

Please complete the following ADA Equivalency Analysis for Demand-Responsive Public Transportation form and submit it with the application **only if requesting purchase of a vehicle that is not equipped** with the access features required in 49 CFR Part 38, and include as part of the Certification of Equal Access for Persons with Disabilities.

ADA EQUIVALENCY ANALYSIS FOR DEMAND-RESPONSIVE

PUBLIC TRANSPORTATION

Under GDOT policy, all grantees must have at least one lift-equipped vehicle (a vehicle that has all the required access features), and must have a sufficient number to offer equivalent service to persons with disabilities (50% of fleet + 1), when the program is viewed in its entirety, based on the criteria shown below. No non-accessible vehicles can be ordered unless the system is providing equivalent service for each of the criteria.

Vehicle Accessibility Status:

- 1) Total Current Section 5311 Demand-Responsive Fleet: _____ vehicles
- 2) Total Current Section 5311 Demand-Responsive accessible (lift-equipped):
_____ vehicles
- 3) Total Section 5311 vehicles requested in this grant application:
 - (a) _____ Accessible Vehicles
 - (b) _____ Non-Accessible Vehicles
- 4) Total Projected Fleet at end of this Application Period:
 - (a) _____ Accessible Vehicles
 - (b) _____ Non-Accessible Vehicles

If the answer to question 3(b) is greater than zero, the applicant must complete all cells in this matrix:

Criteria	For Persons Without Disabilities	For Persons with Disabilities Requiring an Accessible Vehicle
Response Time (days or hours in advance that a trip must be scheduled):		
Fares: General Public fares		Note: cannot charge higher fare for demand response system; only if running complementary para-transit system for fixed route service
Geographic area of service availability:		

Criteria	For Persons Without Disabilities	For Persons with Disabilities Requiring an Accessible Vehicle
Hours and days of service availability:		
Trip or usage restrictions based on trip purpose:		
Availability of information and reservations capabilities:		
Any constraints on capacity or service availability:		

If there are any differences in the answers between the two answer columns, please explain:

Are there any requests for service that would require a wheelchair lift that you are presently unable to meet? If yes, please describe in terms of number, frequency, characteristics (trip purpose, location, etc.)

Do these unmet trip requests differ in type or kind from unmet trip requests by persons who do not need an accessible vehicle?

If there are any differences in the service characteristics for persons with and without disabilities, or if there are unmet requests for accessible demand-responsive service, the system should request lift-equipped, fully accessible vehicles until fully equivalent service can be provided.

E-Verify

U.S. law requires companies to employ only individuals who may legally work in the United States – either U.S. citizens, or foreign citizens who have the necessary authorization. This diverse workforce contributes greatly to the vibrancy and strength of our economy, but that same strength also attracts unauthorized employment.

E-Verify is an Internet-based system that allows businesses to determine the eligibility of their employees to work in the United States. E-Verify is fast, free and easy to use – and it's the best way employers can ensure a legal workforce.

FTA FISCAL YEAR 2015 CERTIFICATIONS AND ASSURANCES

PREFACE

Except as the Federal Transit Administration (FTA or We) determines otherwise in writing, before FTA may award Federal transit assistance (funding or funds) in the form of a Federal Grant, Cooperative Agreement, Loan, Line of credit, or Loan Guarantee to support a public transportation Project, an Authorized Representative (You) of the Project Sponsor (Applicant) must select certain Certifications and Assurances required by Federal law or regulation. Among other things, the Authorized Representative must be duly authorized by the Applicant to sign these Certifications and Assurances and bind its compliance. You, as your Applicant's Authorized Representative, must select all Certifications and Assurances that your Applicant must provide to support its application(s) for FTA funding during Federal fiscal year (FY) 2015.

We request that you read each Certification and Assurance and select those that will apply to all Projects for which your Applicant might seek FTA funding. As required by Federal law and regulation, only if you select adequate Certifications and Assurances on your Applicant's behalf, may FTA award Federal funding for its Project.

We have consolidated our Certifications and Assurances into twenty-four (24) Groups. At a minimum, you must select the Assurances in Group 01 on your Applicant's behalf. If your Applicant requests more than \$100,000 in Federal funding, you must also select the "Lobbying" Certification in Group 02, unless your Applicant is an Indian tribe, Indian organization, or a tribal organization. Depending on the nature of your Applicant and its Project, you may also need to select some Certifications and Assurances in Groups 03 through 24. Instead of selecting individual Groups of Certifications and Assurances, however, you may make a single selection that will encompass all twenty-four (24) Groups of Certifications and Assurances that apply to all our programs.

FTA, your Applicant, and you, as your Applicant's Authorized Representative, understand and agree that not every provision of these twenty-four (24) Groups of Certifications and Assurances will apply to every Applicant or every Project FTA funds, even if you make a single selection encompassing all twenty-four (24) Groups. Nor will every provision of all Certifications and Assurances within a single Group apply if that provision does not apply to your Applicant or its Project. The type of Project and Applicant will determine which Certifications and Assurances apply.

Your Applicant is ultimately responsible for compliance with the Certifications and Assurances selected on its behalf that apply to its Project, itself, any Subrecipient, or any other Third Party Participant in its Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage your Applicant to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Subrecipient and each Third Party Participant to assure the validity of the applicable Certifications and Assurances selected on behalf of your Applicant.

Except as FTA determines otherwise in writing, if your Applicant is a team, consortium, joint venture, or partnership, it understands and agrees that you must identify the activities each member will perform and the extent to which each will be responsible for compliance with the Certifications and Assurances that you select on its behalf, and whether the member will serve as a Recipient, Subrecipient, or Third Party Contractor.

It is important that your Applicant and you also understand that these Certifications and Assurances are pre-award requirements, generally imposed by Federal law or regulation, and do not include all Federal requirements that may apply to it or its Project. Our FTA Master Agreement for Federal FY 2015, MA(21), is available at <http://www.fta.dot.gov>, and contains a list of most of those requirements.

We expect you to submit your Applicant's FY 2015 Certifications and Assurances and its applications for funding in TEAM-Web. You must be registered in TEAM-Web to submit the FTA FY 2015 Certifications and Assurances on its behalf. The TEAM-Web "Recipients" option at the "Cert's & Assurances" tab of

the "View/Modify Recipients" page contains fields for selecting among the twenty-four (24) Groups of Certifications and Assurances and a designated field for selecting all twenty-four (24) Groups of Certifications and Assurances. If FTA agrees that you cannot submit your Applicant's FY 2015 Certifications and Assurances electronically, you must submit the Signature Pages at the end of this document, as FTA directs, marked to show the Groups of Certifications and Assurances that it is submitting.

Be aware that these Certifications and Assurances have been prepared in light of:

- FTA's latest authorization legislation, Moving Ahead for Progress in the 21st Century Act (MAP-21), Pub. L. 112-141, June 6, 2012,
- FTA's authorizing legislation in effect in FY 2012 or a previous fiscal year, except as superseded by MAP-21 cross-cutting requirements that apply,
- The Highway and Transportation Funding Act of 2014, Pub. L. 113-159, August 8, 2014, and
- Continuing Appropriations Resolution, 2015, Pub. L. 113-164, September 19, 2014 and other Appropriations Acts or Continuing Resolutions funding the Department of Transportation during Fiscal Year 2015.

With certain exceptions, Projects financed in FY 2015 with funds appropriated or made available for FY 2012 or a previous fiscal year must be in compliance with the requirements for that type of Project in effect during the fiscal year for which the funding was derived, except as superseded by MAP-21 cross-cutting requirements that apply.

GROUP 01. REQUIRED CERTIFICATIONS AND ASSURANCES FOR EACH APPLICANT.

Before FTA may provide funding for your Applicant's Project, in addition to any other Certifications and Assurances that you must select on your Applicant's behalf, you must also select the Certifications and Assurances in Group 01, except as FTA determines otherwise in writing.

Your Applicant is ultimately responsible for compliance with the Certifications and Assurances selected on its behalf that apply to its Project, itself, any Subrecipient, or any other Third Party Participant in its Project, except as FTA determines otherwise in writing. For this reason, we strongly encourage your Applicant to take appropriate measures, including, but not limited to, obtaining sufficient documentation from each Subrecipient and any other Third Party Participant to assure the validity of the applicable Certifications and Assurances selected on behalf of your Applicant.

Any provision of the Certifications and Assurances in Group 01 that does not apply will not be enforced.

01.A. Certification and Assurance of Authority of the Applicant and Its Authorized Representative.

You certify and affirm that both you, as your Applicant's Authorized Representative, and your Applicant's attorney, who is authorized to represent your Applicant in legal matters, who sign these Certifications, Assurances, and Agreements, may undertake the following activities on its behalf, in compliance with applicable State, local, or Indian tribal laws and regulations, and its by-laws or internal rules:

1. Execute and file its application for Federal funds,
2. Execute and file its Certifications, Assurances, Charter Service Agreement, and School Bus Agreement, as applicable, binding its compliance,
3. Execute the Grant Agreement, Cooperative agreement, Loan, Loan Guarantee, or Line of Credit, for which the Applicant is seeking FTA funding,
4. Comply with applicable Federal laws and regulations, and
5. Follow applicable Federal guidance.

01.B. Standard Assurances.

On behalf of your Applicant, you assure that it understands and agrees to the following:

1. It will comply with all applicable Federal statutes and regulations to carry out any FTA-funded Project,
2. It is under a continuing obligation to comply with the terms and conditions of its Grant Agreement or

Cooperative Agreement with FTA for its Project, including the FTA Master Agreement incorporated by reference and made part of the latest amendment to that Grant Agreement or Cooperative Agreement,

3. It recognizes that Federal laws and regulations may be amended from time to time and those amendments may affect Project implementation,
4. It understands that Presidential executive orders and Federal guidance, including Federal policies and program guidance, may be issued concerning matters affecting it or its Project,
5. It agrees that the most recent Federal laws, regulations, and guidance will apply to its Project, except as FTA determines otherwise in writing,
6. Except as FTA determines otherwise in writing, it agrees that requirements for FTA programs may vary depending on the fiscal year for which the funding for those programs was appropriated:
 - a. In some instances, FTA has determined that Federal statutory or regulatory program and eligibility requirements for FY 2012 or a specific previous fiscal year, except as superseded by applicable MAP-21 cross-cutting requirements, apply to:
 - (1) New Grants and Cooperative Agreements, and
 - (2) New Amendments to Grants and Cooperative Agreements that:
 - (a) Have been awarded Federal funds appropriated or made available for FY 2012 or the previous fiscal year, or
 - (b) May be awarded Federal funds appropriated or made available for FY 2012 or the previous fiscal year, but
 - b. In other instances, FTA has determined that MAP-21 requirements will apply to Federal funds appropriated or made available for FY 2012 or a previous fiscal year, and
 - c. For all FTA-funded Projects, the following MAP-21 cross-cutting requirements supersede and apply in lieu of conflicting provisions of previous Federal law and regulations:
 - (1) Metropolitan and Statewide and Nonmetropolitan Transportation Planning,
 - (2) Environmental Review Process,
 - (3) Public Transportation Agency Safety Plans,
 - (4) Transit Asset Management Provisions (and Asset Inventory and Condition Reporting),
 - (5) Costs Incurred by Providers of Public Transportation by Vanpool,
 - (6) Revenue Bonds as Local Match,
 - (7) Debt Service Reserve,
 - (8) Government's Share of Cost of Vehicles, Vehicle-Equipment, and Facilities for ADA and Clean Air Act Compliance,
 - (9) Private Sector Participation,
 - (10) Bus Testing,
 - (11) Buy America,
 - (12) Corridor Preservation,
 - (13) Rail Car Procurements,
 - (14) Veterans Preference/Employment,
 - (15) Alcohol and Controlled Substance Testing, and
 - (16) Other provisions as FTA may determine.¹

¹ More information about these matters appears in the Federal Transit Administration, "Notice of FTA Transit Program Changes, Authorized Funding Levels and Implementation of the Moving Ahead for Progress in the 21st Century Act (MAP-21) and FTA FY 2013 Apportionments, Allocations, Program Information and Interim Guidance," 77 Fed. Reg. 663670, Oct. 16, 2012.

FTA FISCAL YEAR 2015 CERTIFICATIONS AND ASSURANCES (contd.)

01.C. Intergovernmental Review Assurance.

(This assurance in Group 01.C does not apply to an Indian tribe, an Indian organization or a tribal organization that applies for funding made available for 49 U.S.C. 5311(c)(1), which authorizes FTA's Tribal Transit Programs.)

State and local agencies for intergovernmental review, to facilitate compliance with those regulations.

01.D. Nondiscrimination Assurance.

On behalf of your Applicant, you assure that:

1. It will comply with the following laws and regulations so that no person in the United States will be denied the benefits of, or otherwise be subjected to, discrimination in any U.S. DOT or FTA-funded program or activity (particularly in the level and quality of transportation services and transportation-related benefits) on the basis of race, color, national origin, religion, sex, disability, or age:
 - a. Federal transit laws, specifically 49 U.S.C. 5332 (prohibiting discrimination on the basis of race, color, religion, national origin, sex, disability, age, employment, or business opportunity),

Lumpkin County, Georgia

Lumpkin County Transit

Agenda Item: **GDOT 5311 - Lumpkin County Transit System Title VI Plan**
March 3, 2015

Item Description: **Adopt Lumpkin County Transit System Title VI Plan.**
This plan assures the Georgia Department of Transportation that Lumpkin County Transit System will not discriminate against any person on the basis of race, color, national origin, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, Federal Transit Laws, 49 CRR Part 21 Unlawful Discrimination, Non-discrimination in Federally-Assisted Programs of the Department of Transportation and as per written guidance under FTA Circular 4702.1B, dated October 2012, be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity undertaken by Lumpkin County Transit System.

Exhibit: **Lumpkin County Transit System Title VI Plan**

Facts & Historical Lumpkin County's Transit Program was created over twenty (20) years ago. For FY2014, Transit provided more than 5,800 passenger rides to the citizens of Lumpkin County, providing transportation to medical appointments, shopping, personal errands, employment, and school.

In the past, Lumpkin County as well as all other counties in the state of Georgia were covered by the Georgia Department of Transportation's Title VI Plan. GDOT is now requiring all counties to adopt their own Transit Title VI Plan. Beginning with the SFY2016 application cycle, the assurance of having an adopted Title VI plan will be required to obtain federal funds for the Transit System.

Potential Courses of Action:

- A. Approve and adopt the Lumpkin County Transit System Title VI Plan.
- B. Do not approve to adopt the Lumpkin County Transit System Title VI Plan.

Comparison:

If **Course A** is chosen Lumpkin County Transit System will be in compliance with GDOT and will be able to continue to apply for federal funds. Additionally, Lumpkin County Transit must post a non-discrimination notice and procedures for filing a complaint in the Transit office and on buses. If the population of individuals with Limited English Proficiency reaches a threshold of 5% of the county population or 1,000 people (whichever is greater) as determined by census, Lumpkin County Transit would be required to provide language assistance (written and verbal).

If **Course B** is chosen, application for continued federal funding will be denied and the operation of the transportation program will cease at the end of the current funding cycle (June 30, 2015).

Recommendation:

It is recommended that the Lumpkin County Transit System Title VI Plan be approved and adopted. The transportation program is valuable to citizens of Lumpkin County who otherwise would have no viable means of transportation.

Budget Impact:

There will be no impact to the 2015 budget.
