Compensation Study Results

This is to discuss the employee compensation study completed by Evergreen Solutions.

***Motion:** Commissioner Sherrill made a motion to approve Option C of the staff recommendation and to separate out the grade columns for Public Safety employees. The motion was seconded by Steve Shaw. [See Staff Analysis, Attached to Minutes.]*

***Motion:** Commissioner Sherrill made an amended motion to approve Option C of the staff recommendation, to separate out the grade columns for Public Safety employees and to make it effective in October. The motion was seconded by Steve Shaw and was approved by Doug Sherrill, Steve Shaw, Rhett Stringer, and Bob Pullen. Motion carried.*

**COMMENTS**

**COUNTY MANAGER**

The County Manager addressed Commissioner Pullen's concerns regarding the receipt of meeting information. Mr. Kelley explained that the budget calendar was the issue for the rush in documents.

**COUNTY ATTORNEY**

The County Attorney said he had no comments.

**COMMISSIONERS**

Chairman Dockery shared his appreciation of the county employees and public safety. He encouraged everyone to support the Board's salary study decision, because it will not be popular in the community.

Commissioner Sherrill stated that there is no perfect compensation plan, however, there had to be a path chosen. He thinks the chosen path is the path for least resistance.

Commissioner Stringer thanked everyone for being patient while waiting for him to arrive for the meeting. He was late due to coming from a funeral in Savannah.

**PUBLIC COMMENTS**

Citizen Bill O'Leksy shared his support regarding the compensation study decision approved by the commissioners.

**ADJOURN**

***Motion:** Commissioner Sherrill moved to adjourn the meeting. That motion was seconded by Bob Pullen and approved by all district commissioners. The motion carried and the meeting was adjourned at 7:00 p.m.*

Kathleen C. Walker  
Clerk, Lumpkin County

DRAFT

# Lumpkin County, Georgia

---

**Date:** July 15, 2016

**Agenda Item:** Classification and Compensation Study Implementation

**Item Description:** Recommendation for Action Based on Compensation Study

## **Facts & Historical Information:**

A classification and compensation study was last done in 2007 and implementation occurred in 2008. Since that time only a few COLA's have occurred. Pay rates have not been maintained and job descriptions have not been updated to include changes induced by technology, additional or combined responsibilities, newly created jobs, etc.

Earlier this year, the Board approved a compensation study; the presentation attached shows the results.

## **Potential Courses of Action:**

The suggested resolution is to implement Option 1, "Current Range Penetration - minimum 3% increase". This option gives Full Time employees at least a 3% increase, brings all employees at least to the new minimum, but in almost all cases caps the increase at the midpoint of the job's range. Additionally, it is recommended that this option be implemented in October of 2016 instead of waiting until January, 2017. Implementing in October of 2016 allows the county to address the new FLSA rules and clear up any concerns regarding which positions remain exempt and which must move to non-exempt as of December 1, 2016. Additionally, implementing in October will allow employees more time to budget for the insurance changes and the \$3,000 up-front health insurance deductible for our current plan (the deductible starts over in January of each year.)

## **Budget Impact**

Total cost to implement Option 1 as presented by Evergreen Solutions in the 4<sup>th</sup> quarter of 2016 would be \$235,546. This amount includes fringe of 16.05%. While not included in the 2016 budget, the Board has several options to cover this cost should early implementation be approved including the use of fund balance. Utilizing fund balance is the least favorable of the options as those funds should really be used for one time expenditures, not to fund salary or balance budgets. Another option is to use a portion of money levied for 2016 that has been unused to date. In 2015, the Board of Commissioners levied over 1 mil to cover expenses due

to a decline in the motor vehicle digest and as part of a capital improvement program. There have been no expenses from that program in 2016. A lease agreement was entered into but no payments are due until 2017. The money from the levy, if not used in 2016, will roll to fund balance. The total amount levied was \$820,470. If the Board chooses to use a portion of these funds to implement the survey, \$584,924 will remain available for use should the Board decide to purchase any capital items that are in the program.

The cost for one year of the salary study above our current payroll is \$938,181.55. This does not include bailiffs or poll workers; however, we never use all of the budget set aside so implementing increases to those areas should have little to no impact.

**Staff Recommendation:**

Staff recommend implementing Option 1, the Current Range Penetration – minimum 3% increase.
