

MARCH 13 2018

PARKS & REC. NOW OFFERING CHILDREN'S ART CLASSES!

Lumpkin County Parks and Recreation is excited to announce that we are now offering a children's art program! This class will be held on Wednesday nights at 5pm. The cost will be \$15 per class.

Introducing Paint the Music Now a therapeutic art form. The teacher will be Jacqueline Nilsen. Jacqueline is the founder of the company 'Paint the Music Now' and has developed this program for years and implemented it all over the world. Paint the Music is an innovative approach to encouraging young people (and adults!) to express themselves through paint, using music and movement to spark energy and overcome artistic hesitancy. It fosters creativity and nurtures joy – probably two of the most valuable characteristics in anyone's professional (and personal) profile.

On Saturday April 7th we will be having a promotional class so you can see what this program will look like. We hope you will join us at the Parks and Rec art room. We are going to have a blast!

Check out this program at www.paintthemusicnow.com
