RE: GA 400 Entranceway Sign

Dear Chris and Gary,

Thank you for the opportunity for the Chamber, as your destination marketing organization, to be included on the GA 400 Entranceway Sign. We are very happy to see a gateway sign erected to give travelers on GA 400 a sense that they have "arrived" at their destination!

We have a challenge in terms of the timing of this funding request. Our budget is set for 2016 and it is very tight. We have been asked to also partner with the County on funding the required elevator replacement by 2018. We have set aside \$8,500 in this year's budget and \$8,500 in the 2017 budget in order to be prepared to partner on the expense of a new building elevator.

We certainly view the Chamber as a partner with our City and County in the enhancement and improvement of our community. Our Chamber definitely views this sign investment as a much needed improvement. We ask to be able to include this investment of \$7,624 in our 2017 budget and we can contribute the 25% share in January of 2017. Will this arrangement be agreeable to the County and City? Would the County be able to share a final rendering of the sign design with the Chamber for me to share with our Board of Directors?

Thank you for all of the work you do to make our community a great place to live, work, visit and do business and we appreciate, as always, the opportunity to partner with you.

Sincerely,

Amy Booker  
President, Dahlonega-Lumpkin

Hey Stan and Chris,

I've processed our check for 25% overage payment today and you should receive next week.

As I look at the proposed sign (and I recall seeing this from Jace sometime back), I have to admit that I'm a bit disappointed in the small size of the university logo compared to the others...

Not a huge deal, but if you add LC Schools to the sign, I think you are going to have to redo this anyway. I would suggest having the designers re-look at the design layout and perhaps add some parity to the logos.

If there is a redesign, please allow me to run the universities logo by our designers.

Thanks,

Mac

Hey Mac,  
Attached is the welcome sign design with the different logos. Let me know if we have the correct UNG logo! Larry Reiter had it approved by the Facilities and Operations Project Manager at the University, he thinks it was Jace Oliver. It was sometime around May, 2014.  
Thanks!
